

SUN BEAMS

By WALTER M. BARRETT

We don't pretend to be critics of music nor even lovers of the operas but even our taste was not put to much of a test last evening when by accident we tuned our radio into a selection which for a time defied identity but finally a few bars which cannot be disguised proved it to be the Blue Danube Waltz in hot-cha time. A bunch of jitterbug tom-tom beaters somewhere were actually jazzing the selection. That, we think should bring criticism from even one who knows nothing of music.

With a few selected friends, the firemen this week celebrated the accomplishment of one of the best examples of cooperation displayed in recent weeks—the completion of the new addition to the fire station. The boys really deserve credit for the volunteer work and contribution of cash to provide the town with the desired asset.

Truckee and Lake Tahoe interests which opposed passage of a bill to advance the opening of the trout fishing season in District 23, will be pleased to learn that their state representatives, Senator J. L. Seawell and Assemblyman Allen Thurman are working in cooperation with the affected areas and that there seems little doubt the law will be unchanged. It is gratifying to know that our representatives have our interests at heart and work toward bettering the region.

A meeting which should attract representation from every citizen in the Truckee-Tahoe playground will be held at the state capitol Thursday March 23 when a hearing is scheduled on a senate bill to establish a uniform three months school vacation in the state. Details of the proposal are outlined in another column of the Sierra Sun today and we cannot stress too greatly the need for passage of the bill. It will mean thousands of dollars to this recreational region.

The death of Judge George Bliss at Tahoe left a gap in the ranks of the leading citizens which will be difficult to fill. We join in extending our sympathy to the bereaved family and community where his efforts to make life more worth living were known and appreciated.

LORD'S SUPPER TO BE OBSERVED AT CHURCH ON SUNDAY

The Community Church will observe the Lord's Supper next Sunday morning at 11 o'clock. Every member of the church is urged to be present and all Christian friends are cordially invited to participate.

RUSSELL SMITH GETS HIGH RANK WITH PROMOTION IN NAVY

Local residents will be interested to learn that Russell S. Smith, son of Mr. and Mrs. Irvin Smith and a native of Truckee, was recently recommended by the Naval section board for promotion from rank of lieutenant to that of lieutenant commander which promotion was said to have been approved by the President.

Lieutenant Smith lived here with his parents and two brothers, Alwyn and Leslie for a number of years before the family went to Roseville. His father was a lumberman, owning a mill on Alder Creek.

STUDENT SPEAKERS TO COMPETE IN CRUSADER CONTEST

Student speakers from Nevada County high schools will play an important part in the fourth annual public speaking contest for high school students now being conducted by the California Crusaders. The theme is American Citizenship and Youth.

Entries have already been received from Meadow Lake Union high school and a greater county participation is expected by the Crusaders within the next few days. The county representative will be chosen in a contest to be held late in March. The winner of this event will advance to the semi-final round of competition and will receive a gold medal for his efforts. Handsome honor awards will be presented to every student who participated in the contest.

In Modesto—

Mr. and Mrs. Albert Fouts returned from a weekend spent with friends and relatives at Modesto.

Vacation Hearing Set For March 23 At State Capitol

Local Delegations Urged To Attend Important Session

SEEK UNIFORM RECESS

Value Of Tourist Trade In State Stressed By Measure

Resort owners and others interested in the proposed legislation to fix a continuous and uniform vacation period for California schools for a three months period each summer are urged to attend or have representation at a meeting to be held at the state capitol Thursday evening, Mar. 23.

A bill, S. B. 191 has been introduced by a group of senators in behalf of Vacations Inc., an organization headed by Harvey Toy of San Francisco and designed to permit a uniform school vacation to provide a better opportunity for tourists and vacationists to enjoy an outing in California vacation centers.

It is pointed out in the bill that it is not the desire to curtail a day of schooling for any pupil, but that it is desirable to have summer vacation longer when it is of the most value to the people who harvest the tourist crop.

The bill further states that much of the state now has this arrangement and it works satisfactorily. If there had been a uniform vacation throughout the state last year, it was explained, it is quite reasonable to suppose that between \$50,000,000 and \$75,000,000 additional would have been spent here by tourists, who continued on their way out of the state when schools opened in August. For the bill states, they will not stay in deserted places when life and gaiety have ceased, the bon fires extinguished and the music stopped.

The enormous value of the out of state tourist business to California is shown by the following comparative figures:

Value of gold mined in 1938 (approximately) \$40,000,000.
Value of motion picture industry \$165,000,000.
Value of petroleum produced \$250,000,000.
Value of out of state tourists \$342,020,332.

FIREMEN CELEBRATE COMPLETION OF NEW HALL AT BANQUET

Celebrating the completion of their new fire station and dormitory, the members of the Truckee Volunteer Fire Department and invited guests, numbering 45, met for an Italian dinner at Mpro's Tuesday night and enjoyed a program of talks and fellow ship.

Fire Chief N. F. Dolley presided at the affair and the three commissioners, Dr. J. H. Bernard, F. W. Gaiennie and E. D. Pierce, were honored guests with Scott Gordon, Southern Pacific company roadmaster, who was the architect of the structure.

Despite storms and cold weather, the volunteer workmen continued at work on the new addition, which is now complete and ready for occupancy. Robert Siebold, a member of the department, will have quarters in the addition, thus affording full fire protection at all hours. Furnishings will be installed this week.

LAST RITES ARE HELD FOR NORDEN BABY

Last rites were held last Thursday afternoon at the Laity Funeral Home for 7 day old Nadene Lorene Hensley, daughter of Mr. and Mrs. Okla Hensley of Norden. The infant had been ill since birth. Burial was in the Truckee cemetery.

Nadene Lorene is survived by her parents, residents of Norden for the past 12 years and the following sisters and brothers Norma, Ralph, Clifton Landy, Herbert, Billy, Juanita and Roy.

Two Sections Of State Considering Annexation Moves

Portion of Tahoe, Tulelake Areas Seeking Means For Change

Widely separated sections of the northern section of California would secede from the state to become parts of Oregon and Nevada if the procedure could be legalized.

The Tulelake grange will ask action by California officials on the proposal of the northern California town to be absorbed by Oregon, by the extension of the Oregon state line a point 12 miles south of Tulelake, according to press dispatches.

The argument is based on the need for good roads in that part of Siskiyou county, proximity to a county seat and unified shipping regulations for potatoes.

Grangers claim a lack of interest by California officials in the northern part of the county, and declare much of the business of the district goes to Oregon.

A concerted movement for secession from California and annexation into Nevada by Lake Tahoe residents of the southern part of El Dorado county was revealed by a spokesman Ralph King, who skied into Carson City recently to appear before the Nevada legislature.

He suggested to several members of the legislature that it may become necessary to revert to the old boundary dispute between Nevada and California to solve the problem. King said he will press a movement for secession and annexation. He asked the Nevada state surveyor general for data on the old border dispute.

King pointed to a recent editorial in the Placer Times of Placerville which recalls what was termed the encroachment of California into Nevada area of Lake Tahoe, and adds that the people of Lake Valley want to see the lines pushed back to the Placerville summit. The editorial further stated:

"This is not a fairy tale. A number of persons of that locality are considering the possibility of petitioning to move and become part of Nevada."

"Taxes in Nevada probably are the lowest in the United States. They point to the fact that Nevada is free from debt. They point to the fact that Nevada keeps the highway clear of snow in our area even under heavy storm conditions."

NORTH TAHOE CLUB SPONSORS PARTY FOR TUESDAY P. M.

The North Tahoe Sports Club is sponsoring a dance to be held at the Buckhorn Inn at King's Beach on Tuesday evening, March 21 at 8 p. m. it was announced this week. The affair is being given under the direction of Harold Paine, president of the club.

As an added attraction, Marty Arrégo of Reno will show some interesting motion pictures of ski events. Admission will be 49 cents and 25 cents. Refreshments will be served free of charge.

LIONS ENTERTAINED WITH PICTURES OF SHELL PROGRAM

Twenty five members of the Truckee Lions Club and two guests last night enjoyed a feature motion picture presented by Alex Schafer of Reno, division representative for the Shell Oil Company. The picture, sponsored by Raitt Boren, Truckee Shell manager gave an account of Shell service history and at the same time held interest with a narrative of humor and thrills.

Earl Nelson of Brockway was also a guest of Boren at the meeting.

Tahoe Resort Man Is Named In Divorce Suit

RENO, March 16.—Fred Reiselt, owner of Calvada Lodge and Buckhorn Inn at Lake Tahoe, and part owner of the Ship and Bottle Cafe in Reno, is named as a defendant in a divorce suit filed here by Mrs. Adah Reiselt, who charges cruelty.

Hobart Mills May Be Turned Into CCC Camp Soon

Soil Program Will Be Part Of Duties For Local Organization

MAY START THIS YEAR

Forest Supervisor Reports Government Planning For Project

C. Edmunds, manager of the Truckee Public Utility District, announced that in a recent conversation with DeWitt Nelson, superintendent of the Tahoe National Forest, he was advised that Hobart Mills had been chosen as a site for a Civilian Conservation Corps camp.

While efforts have been made by officials of the Los Angeles Iron and Steel Works, who purchased the remains of the Hobart Lumber Company's holdings on the site, to have the federal government purchase the buildings for permanent quarters, it is indicated, Edmunds said he was informed, that the camp will not be located on the site until after the present structures and other remains are removed.

It was not revealed, Edmunds said when the camp will be installed, but probably during the coming summer.

Soil erosion projects are being outlined for the CCC, it was indicated.

The eventual fate of Hobart Mills abandoned two years ago by the lumber company, has been a matter of conjecture for months, with a number of suggestions being offered and many rumors being circulated.

COUNTY RECEIVES \$17,401 IN GASOLINE TAX ALLOTMENT

According to the monthly statement of County Treasurer Frank Steel, the county's share of the gasoline tax was \$17,401.50. The county also received \$799 for its share of registration fees of automobiles.

Other payings included state school apportionment \$19,645.10.

ARRANGEMENTS FOR COMPLETION OF DAM BEING MADE

RENO, March 16.—C. S. Hale, federal bureau of reclamation engineer, announced last night on his return from a conference with Denver officials that although the construction fund for the building of Boca Dam has been exhausted the remaining work on the dam, costing about \$80,000, will be completed by the George W. Condon Company, contractors.

Hale said the allocation of the additional cost is to be settled between the government and the water users. For the past three weeks reports have been current that the Condon company was to be given its release and that the work would be completed by CCC labor.

The Condon Company was not agreeable with the plan, Hale reports and will finish its portion of the work, costing about \$30,000. The other work remaining includes installation of spillways and electrical equipment and some other construction. It is possible CCC labor will be employed to do road work.

RURAL NURSE FOR SCHOOLS NAMED BY SUPERINTENDENT

County Superintendent of Schools Walter A. Carlson has named Mrs. Marion Newberry of Mt. Shasta City as health nurse for the rural schools. She will visit elementary schools outside Nevada City and Grass Valley which have their own health nurses. There has been no health nurse in the rural sections for some time and it is expected that much benefit will result by the designation of Mrs. Newberry. She has had much experience as a nurse, especially among children.

Wise buyers patronize those who advertise.

Family Night At Church Attracts Big Attendance

22 Are Affiliated With the Community Church At Meeting

The Church Family Night program at the Community Methodist Church Tuesday evening was outstanding in the history of the church. Preparation for the event has been under way for several weeks and came to a climax in what was essentially a reorganization of the church because of the new members received and the earnest enthusiasm manifested.

The evening program began with a pot-luck dinner which was enjoyed by some 75 members of the congregation and their friends. For this Miss Evelyn D. Reynolds and the high school girls arranged the tables and served as waitresses.

The tables were beautiful in a profusion of flowers which friends of Miss Reynolds at Los Gatos sent for the occasion.

Near the close of the meal Mrs. George D. Kamp and Mrs. A. L. Fouts entertained the group with several piano selections.

After the dinner the tables were cleared away and the congregation called to order by the pastor, Rev. G. J. E. Keetch. Brief announcements were made by Mrs. Kamp, president of the Ladies Aid, Miss Reynolds, the Sunday school superintendent and A. L. Fouts in behalf of the newly formed Boys' Club.

Rev. Verne C. Brown of Sacramento district superintendent of the Methodist Episcopal Church was the main speaker of the evening.

At the close of the sermon, opportunity was given for those who wished to unite with the church to do so. In all 22 were received into membership, seven came making their first public confession and the other 15 had all previously been members of churches elsewhere.

"A remarkable thing about this," Rev. Keetch said, "was that though all were uniting with the local church for more effective worship and witnessing for Jesus Christ, not one of the 15 was transferring a membership here from another Methodist Church. This is an evidence that the church, though affiliated with the Methodists, is essentially a Community Church."

New Officers

New officers for the church were chosen as follows: Trustees—Mrs. R. G. McKay, Mrs. Dan D. Smith, P. R. Nelson, Charles R. Waldbelser and Edwin D. English; Stewards—Charles T. Worsham, Cecil Vallow, Edwin D. English, Charles R. Waldbelser, Miss Evelyn D. Reynolds, Mrs. George D. Kamp, Mrs. R. G. McKay, Mrs. Charles D. Worsham and Mrs. Cecil Vallow; Secretary—Mrs. R. G. McKay and Treasurer—Mrs. Vallow. The choices of Mrs. Kamp for president of the Ladies Aid and Miss Reynolds as Sunday school superintendent were also ratified.

It is the plan to make this dinner the first of a series of Family Nights at which programs will be varied.

COMMERCE CHAMBER WILL NAME OFFICERS AT NEXT MEETING

The Chamber of Commerce will meet Monday at the California cafe where the principal item of business will be the election of officers for the coming year.

C. B. White is the president now and Mrs. Lottie Bryant is secretary. Other matters of important nature including discussion of bills before the legislature affecting this region will be discussed.

Bids Asked To Furnish Grass Valley Gymnasium

Bids for furnishing and installing of equipment in the new Grass Valley high school addition will be received by the Grass Valley board of education Tuesday evening, March 28, according to recently published notices. Included in the equipment are gymnasium furnishings, chairs, desks seats for the auditorium and other furnishings necessary to place the building in condition for occupancy.

Judge Bliss Of Tahoe Expires After Illness

Last Rites For Pioneer Of Lake District Will Be Friday

JUSTICE FOR 12 YEARS

Was Member of Prominent California, Nevada Family

The entire district was shocked and saddened yesterday to learn of the death of George R. Bliss, 64, for the past 12 years justice of the peace at Tahoe City, who expired in an Auburn hospital early Wednesday morning. Recent reports were that he was improving following a stroke several weeks ago.

Funeral services will be held at the Hisslop Chapel in Auburn Friday afternoon at 2 o'clock following which cremation will be in East Lawn in Sacramento. The services will be under the direction of the Masonic Lodge of which the deceased was a Truckee member.

Judge Bliss as he was familiarly known by his legion of friends, was born in Eureka, Nevada, and was a member of a prominent family in eastern California and Western Nevada since early days. The family supplied timber for the Comstock Lode mining operations and owned and operated the Lake Tahoe Railway and Transportation Company which operated the railroad between Tahoe and Truckee and a steamer on Lake Tahoe.

Bliss served as superintendent of the railroad for many years and prior to that worked as purser on the steamer.

Surviving are his wife Mrs. Evelyn W. Bliss; a niece, Mrs. A. Jensen of Oakland and a nephew, Jack Bliss of San Francisco.

FRED KOHLER NAMED HEAD OF OFFICERS' GROUP AT MEETING

AUBURN, Mar. 16.—Placer county peace officers, meeting in a regular session last week, elected Fred Kohler of Tahoe City as president and made preliminary plans for establishment of a police school. The proposed school, outlined at a meeting of the association some time ago, will be operated under the direction of Federal Bureau of Investigation and will be along the same lines of others already in operation.

A meeting was called for March 21 in Roseville city hall to discuss further plans for the police school.

Other officers elected for the coming term at the meeting included Walter Viscia, Colfax, vice president; Floyd Bowers, Roseville, secretary-treasurer; Earl E. Barber of Roseville sergeant at arms. The outgoing president is James Gould of Cisco Grove.

P. T. A. WILL ELECT NEW OFFICERS AT MEET TOMORROW

The election and installation of officers for the coming year will be the highlight of the meeting of the Truckee Union Parents and Teachers Association to be held at the grammar school auditorium Friday afternoon at 2 o'clock.

The students of the school will contribute to the entertainment program and Edith Pounds Turcotte will be heard in several accordion selections.

This will be the last meeting over which the officers of the past year will preside.

In Capital—

Mr. and Mrs. C. Edmunds spent the week end in Sacramento.

Return from Trip—

Mr. and Mrs. William Englehart Sr., have returned from a vacation trip to Pacific Grove, Watsonville and other points on the coast where they enjoyed meeting old friends.

At Siskiyou—

Wallace Watkins spent a short time with his aunt in Siskiyou county.

HEROISM

There has been so much false heroism tossed about the nation from Washington in the last six years that real heroism has almost become lost in the scramble. It is high time that some of the real heroes of the long depression be pointed out.

We wish we knew some names; if we did we might possibly name you, our your next door neighbor—certainly a person down the street or around the corner. It would most likely be a name you had never heard before.

For, it is the everyday, garden variety of heroism that has been the real mainstay of the past ten years of awful depression. The housewife who, with her husband out of work and too proud to accept Federal charity, held the home purse strings tight and offered her queenly support to that husband is one of them. The businessman who failed and started again is another. The farmer who fought dryrot and drought, and heard a lot of tommyrot, lost and started again is still another. You know many more.

These are the real heroes—the real Americans. They do not have publicity springboards to use to shout their parallels with Washington, Lincoln and Jefferson—to say nothing of Jackson—but they are the real heroes, none-the-less.

A toast, then, to the real heroes—the friends of self-help, a balanced budget and true democracy—the real Americans.

GOOD REPORTING

Two outstanding examples of marvelous reporting broke in California last month.

The newspapers involved were the Glendale News-Press and the Inglewood Daily News.

The newspapermen playing the lead roles were William S. Kellogg and Roy Rosenberg.

One saved a high official from ignominy; the other resulted in the suspension of the regional director for the National Labor Relations Board of Southern California.

In the former, advice and counsel of a newspaperman resulted in action by the city council of Glendale which saved an efficient chief of police from attacks of an unknown. Its justification is recorded in the flood of messages of praise and congratulations that poured in from all parts of the country to the chief of police involved, the council which acted sanely and with deliberation, and the newspaper which led the entire situation through a maze of psychological labyrinths.

In the latter, a detailed report of an address was read into the Congressional Record at Washington. "Gross misrepresentation" and "garbled" were the expressions used in defense by the official quoted. The editor, himself, reported the meeting and declared that he took copious notes, both in longhand and shorthand; that at the close of the address he approached the speaker and asked for a transcript of the talk; he was told that the speaker had spoken from notes and had no transcript; he advised the speaker that he, himself, had taken copious notes and expected to report the address in the newspaper in full detail.

The story appeared. Nearly a month passed. No protest came from the speaker. Although a marked copy of the paper had been mailed to him by the editor who had also been one of his sponsors at the meeting. High officials who had attended the meeting complimented the editor upon his printed report. And then Washington acted.

Newspapers constantly are being attacked for not printing the truth; for suppressing news; for "gross misrepresentation" and "garbling" of facts.

Here are two outstanding examples of fine reporting. "So the people may know."—California Publisher

POLITICAL PARADE

By CLEM WHITAKER

The roulette wheel of politics, more unpredictable than any of the games of chance at Monte Carlo, spins with speeded-up tempo — and America's men of destiny, the great and the near great, crowd each other in the hectic play for winning numbers.

Who will win the presidency of the United States in 1940?

And the vice presidency?
The magic ball of public opinion whirls. The bettors are laying their bets!

Here are some of first indications of how the game is going:

Thirteen turns up as a lucky number for District Attorney Thomas E. Dewey of New York, when a jury finds Jimmy Hinds, the once-powerful Tammany leader, guilty on all 13 of the counts lodged against him. And he brilliant young prosecutor, by that turn of the wheel, has forged into the forefront among the candidates for the Republican presidential nomination.

California's shooting star of politics — eloquent Sheridan Downey, newly-elected to the United States Senate—is reported in gossip out of Washington as a possible choice of the Democratic Party to run for vice president. This report is predicated on the fact that the Democrats, if they offer a semi-conservative easterner as their presidential nominee, may consider it good strategy to nominate Downey as his running mate to bid for the vote of western liberals and the "pension vote" throughout the nation.

Fortune Magazine, which predicted President Roosevelt's re-election in 1936 with splendid accuracy, reports that its latest poll shows Mr. Roosevelt can't repeat in 1940. Outbreak of a European War, threatening to involve the United States, might enhance the President's chance for a third term, however. "Don't change horses in the middle of the stream"

Appointed

WASHINGTON—Harold D. Smith appointed by President Roosevelt to succeed Daniel W. Bell as director of the budget. Smith was budget director of Michigan, is a close friend of Attorney General Frank Murphy. Bell became an assistant secretary of treasury.

has been an effective war cry in times past. Big "T" Farley, Harry Hopkins and Cordell Hull all have their eyes fastened on the political roulette wheel, watching for the possibility that their number may come up. And Vice President Garner is collecting increasing support from Democrats who believe the party must return to more conservative men and issues. In the Republican presidential play Senator Bob Taft of Ohio is coming up fast—and the name of Taft has White House pulling power. But the

Dewey adherents think young Bob may be persuaded to become Mr. Dewey's running mate.

The galloping ball of public opinion still rolls, however. And the Big Gamble of 1940 has just begun. War or peace; continued depression or recovery; spreading unemployment or new jobs and a new whirl in industry—these unknown factors will have a major bearing on who wins the highest office in the gift of the American people!

Emory E. Smith, professor emeritus of Stanford University, is probably the only man who was connected with the Midwinter Exposition of 1893 and the California World's Fair of 1939 in San Francisco.

Tahoe Region News

Tahoe Ramblings

By Anne B. Anderson

Dr. and Mrs. George H. Hinkle of Tahoe City left Friday for San Francisco on a short business trip.

Victor Wikander of Oakland arrived at the J. Paul St. Sure home near Tahoe Tavern last Wednesday en route to his cabin at Buck's Lake 14 miles back in the hills from Chambers' Lodge. Wikander expects to ski in as soon as the new snow has packed enough to facilitate skiing that long distance uphill.

Mr. and Mrs. Bert Walker of Oakland who have been spending the past week in skiing and winter sports at the George Walker home on the Truckee river, returned to their bay region home on Friday.

Mrs. G. Weller Atherton of Tahoe City, left Friday for Fallon where she was a guest over the weekend at the home of Miss Lorella Toft.

Mr. and Mrs. Stanley Pomin of Camp Richardson with their children, Stanley, Jr., and Beverly, left last Friday for a short vacation trip to San Francisco and the fair.

Miss Gene Alice Fink of Santa Rosa is a guest at the home of Mr. and Mrs. Frank Frøese.

Hundreds of ski enthusiasts were at Tahoe over the past weekend when the fine new ski tow of the Tahoe

Storm At Tahoe Halts Traffic Briefly As The Schools Are Closed

TAHOE CITY, Mar. 16.—Schools at Tahoe were closed last Thursday when the heavy storm which added 28 inches of new snow to the pack blocked the roads for one day.

Total precipitation for the Tahoe area since September 1 was fixed at 13.53 inches, 1.87 inches being added by the recent storm which sent the lake level up to a total of 6226.68 feet with 343 CSF leaving the gates at Tahoe into the Truckee river.

Club was in constant use. From Reno were Mr. and Mrs. Monty Brown, Miss Patty Meaker and Miss Audie Iselin of Westbury, New York, Martin Aitrouge, Delbert States and Press Wilson.

Carl Bechdolt, Jr., Albert Henry and James Worden will represent the Tahoe Ski Club at Yosemite next weekend in the famous Western Kandahar races.

Mrs. H. H. Hull had as her guests over the weekend Miss Catherine Murphy of Visalia, Miss Martha Deganna and Miss Jean Quinn both of Stockton.

The regular meeting of the Ski Club was held in the Community hall on Friday night. After a short business meeting President Carl Bechdolt showed movies of the state ski meet at Mount Shasta and some of the Treasure Island jumping pictures.

Mrs. Bliss Hinkle, vice principal of the Tahoe branch of the Placer Union high school states that the attendance at the fair is equivalent to school attendance for the children. She said parents should see the director of education at the fair and register the children with him.

The Tahoe ski club's tow was kept busy Monday when a group of Reno visitors spent the day running the

PLACER SCHOOL IS ONE OF TWO HIGH RANKING IN STATE

TAHOE CITY, Mar. 16.—Placer Union High School of Auburn of which the Tahoe school is a branch has attained first rank honors in scholarship at the University of California at Berkeley over a five year period ending in 1937, according to information received this week by Wyman E. Olson, vice principal from the state university.

The report states that Placer and another school from southern California are tied for first place among the 164 California secondary schools having an average daily attendance of 500 or more.

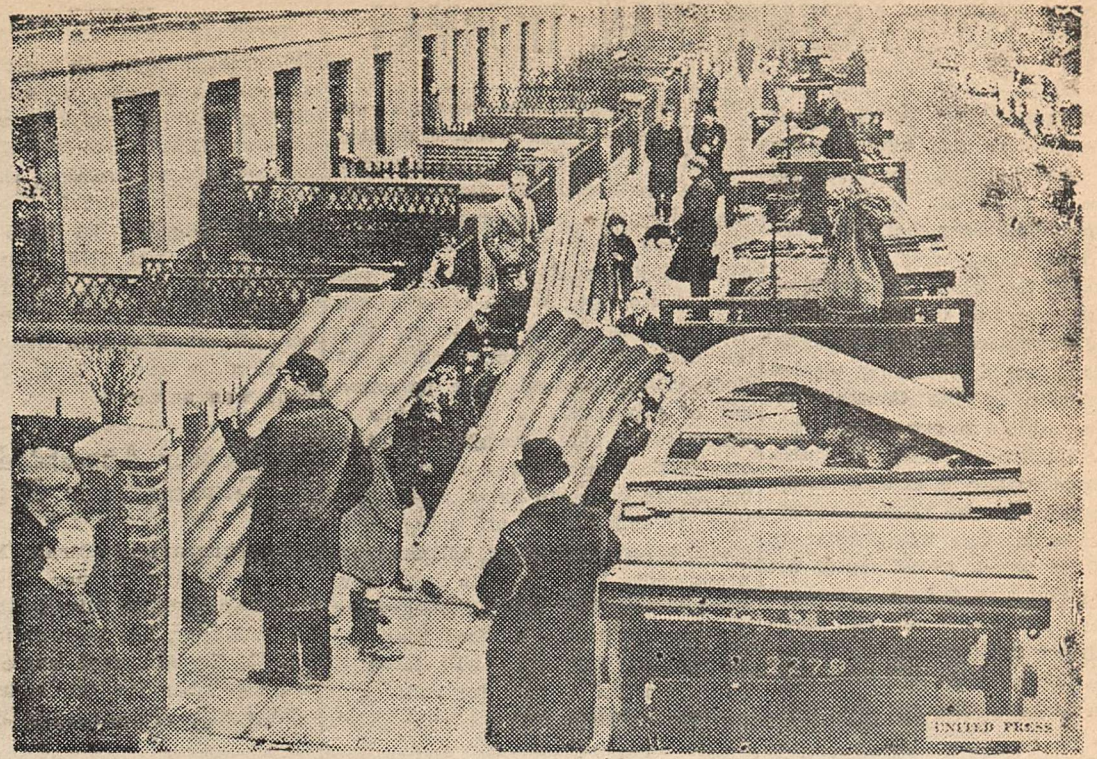

LARGE ATTENDANCE AS TAHOE CLUB SPONSORS PARTY

TAHOE CITY, Mar. 16.—The dance given by the Lake Tahoe Ski club on Saturday night in the Community hall was well attended by the club members and friends from all around the lake. St. Patrick's Day decorations were used and a delicious lunch was served by the ladies of the club directed by the hostess for the evening, Mrs. Robert Pomin.

Several tables of cards were in play in the library. High score for ladies went to Mrs. Otto Darlin and Mrs. J. Earnest Pomin was second. Carl Bechdolt, Jr., was first for the men and Robert Pomin was second.

slalom course. Among them were Mrs. Cordelia Woolley, Mrs. Frances Murdock, Mr. and Mrs. Walter Parman, Alma Oleson and 'Swede' Johnson. Mrs. Parman, who is from Livermore, more laughingly recalled attending the little grammar school on the hill many years ago when she lived at Tahoe with her relatives, Mr. and Mrs. Billy Mayhew of Bennie's Inn.

AIR RAID SHELTERS

LONDON—This is the scene that suburban Londoners awake to find one morning recently as the government, in keeping with its policies of protecting citizens against air raids, delivered air raid shelters. Residents assembled the shelters.

Letter From Association Asks Tahoe Club To Promote State Meet

TAHOE CITY, Mar. 16.—Mrs. A. M. Henry of the Tahoe Ski club has received the following letter, from James F. Cornell, president of the California Ski Association.

The following skiers of the Lake Tahoe Club will receive entry blanks for the National Championships to be held at Mt. Hood April 1 and 2.

Kathleen Starratt, Sig Ulland, Carl Bechdolt, James Worden. The treasury of the association would not be able to handle the expenses of all those who will receive entry blanks. However, I would like to see a good representation at this meet from California. In view of the fact that some of the skiers are from Tahoe, would it be possible for your club to assist in the financing of this team by running a dance or some sort of money raising enterprise to help raise funds for the team and if a suitable amount is raised the Association could then appropriate a like amount to make up the necessary fund. Please let me know as soon as possible what the reaction of your club is to this idea so that we may get started.

Sincerely, James F. Cornell.

TAHOE SCHOOL SKI ARTISTS TO MEET IN CISCO TOURNEY

TAHOE CITY, Mar. 16.—Skiers chosen to represent the Tahoe branch of the Placer Union high school at the ski meet to be held by the Auburn school at Cisco on March 19 are: Billy Bechdolt, James Easton, Charles Peterson, Jack Wolf, Ray Barton, Jack Walters, Jack Steinheimer and Monett Hamilton.

Also in training for the different meets which will be open to women competitors for the Tahoe school are Misses Helen Worden and Patty Henry, both of whom were among the winners at the Sonora-Mono council meet last weekend.

HICKS HELD TO HIGH COURT ON DRUNK DRIVING CHARGES

MARYSVILLE—Raymond Hicks, 30, arrested here on a drunk driving charge and at first scheduled for trial in the police court, has been held to answer in the superior court on a more serious felony complaint. Police said the complaint was amended after disclosure of a previous drunk driving conviction at Wheatland.

The driving charge also has been augmented by a complaint filed by Hicks' wife, Celeste, in which she accused him of menacing her with a revolver. Mrs. Hicks said her husband aimed the gun at her and pulled the trigger, but that the weapon did not discharge. Examination of the gun by police disclosed that it was an old style rimfire type, and had failed to shoot because it had been loaded with center fire cartridges.

TRUCKEE, CALIF.

At the State Capitol

WITH YOUR ASSEMBLYMAN, THURMAN

(by Assemblyman Allen G. Thurman)

Your legislators are now getting down to the real business on hand and from now on your senators and assemblymen will have plenty of work to keep them busy.

Last week the legislature resumed its sessions and the various committees were organized. Your assemblyman was honored by being elected vice chairman of the Conservation Committee which is one of the important committees affecting this district. This committee is already active and will take up one of the writer's bills this week. The bill I refer to is A. B. 739 which would repeal the two cents per acre tax now assessed all owners of timberland both large and small for fire prevention purpose. This tax has proven unpopular and the state board of forestry has found it most difficult to collect a large part of the tax. At the present time the department has found it necessary to file a number of suits for as small amount as 11 cents to collect this tax from property owners. In addition to the law being most unpopular in many cases the tax is really double taxation inasmuch as a number of counties now contribute money from their general funds for fire prevention purposes.

Several weeks ago the writer pointed out that he believed that the protection of our forests was a state wide obligation. The people of our large cities use our watersheds and fish and hunt in our mountain area. They should have a share in paying for the cost of our forest fire protection.

We hope to have sufficient support at the hearing to be able to have this bill go to the floor for passage.

The Fish and Game Committee held its first meeting last Friday but only a half a dozen bills were considered at the brief session. There are more than 100 bills in this committee, several of which affect the Sixth Assembly District.

The Labor and Capital Committee of which your representative is a member, met Monday night of this week and organized. There are a large number of bills before this committee and we will comment on a few of them in the next week's column. A Little Wagner Act and a wage and hour bill and included in the labor legislation proposed.

The other committees on which your representative is a member including the Mines and Mining Committee, the Public Charities and Correction Committee and the State Grounds and Parks Committee also organized this week.

Important legislation which may come before the Assembly before this newspaper goes to press is the matter of special relief appropriation of some \$4,000,000. This appropriation

bill is now in committee where a hearing will be held this week. A number of legislators of both political parties oppose further relief appropriations until they can be assured that the funds are going to be used for the relief of the needy and not for political patronage. It has come to the attention of many legislators that the various relief administration offices have increased their personnel out of proportion to the number of relief cases being handled. That is one of the reasons why some of the legislators desire to know more about how the relief funds are going to be spent before approving additional appropriation. None of the legislators want to see the needy go hungry but they want to be assured that the money the taxpayers will have to pay for relief is paid for relief and not for political jobs.

The alien problem no doubt will receive considerable attention when this relief appropriation bill comes to the floor for passage. Last January the alien problem was discussed at length and the members of the assembly were informed by the state relief administrator that if aliens were off the state relief rolls that the federal government would withdraw its relief support. Now we find the federal government clearing the WPA rolls of aliens so the alien problem most likely will be an issue when the bills come to the floor.

Your assemblyman appreciates very much the numerous letters he has received from the readers of this newspaper. We are always glad to receive your letters and urge you to write us your views on any legislation before the legislators.

Visitors at the writer's desk in the assembly chambers last week included Douglas Barrett, son of Mr. and Mrs. Walter Barrett of the Sierra Sun. Young Barrett is a student at the Sacramento Junior College.

Coinage of Coins Under One Cent Proposed by Havenner

Introduced at the request of Fred E. Stewart, member of the California State Board of Equalization, a bill looking toward the simplification of sales tax payments now before Congress.

The measure, known as H. R. 4102 was presented by Rep. Franck R. Havenner of San Francisco and would provide for the legalization of United States coinage in amounts of less than one cent.

The bill would authorize the secretary of the treasury, with approval of the President, "to provide for the coinage of fractional minor coins in such denominations of less than one cent and not less than one mill."

In explaining the necessity of the measure, Stewart pointed out that almost one-half of the states now levy a sales tax and that this type of tax applies to the purchases made by approximately three-fourths of the population of the United States.

Democratic Mistake Laid At Republican Doorstep By Speaker Paul Peek

SACRAMENTO, Mar. 16 —(UP)—It's quite all right to invite Post-

January Retail Trade Off 37 Per Cent from December

SACRAMENTO, Mar. 16 —(UP)—California independent retail stores showed an increase of 4.5 per cent during January as compared with January, 1938, but took a 37 per cent decrease from December, the Bureau of Commerce reported.

Greatest gains in total January sales as against 1938 were reported in Huntington Park and Inglewood where dollar volume soared 38 per cent. Greatest decline was shown in Hanford, where a loss of 23.5 per cent was suffered.

McAllaster Appointed Land Commissioner For S. P.

Appointment of Turner McAllaster as land commissioner of Southern Pacific's Pacific Lines, to succeed C. F. Impey, has been announced by D. V. Cowden, real estate and tax commissioner for the railroad.

The title of railroad land commissioner is a familiar one in the McAllaster family, both his father and grandfather having served in that capacity for Southern Pacific and Union Pacific, respectively, it was pointed out.

McAllaster began his railroad service with Southern Pacific in 1908 as secretary to the land commissioner, and has continued in that department having held the post of assistant land commissioner for the past two years.

Pasadena Woman, 101, Is Killed While Pushing Car

SACRAMENTO, Mar. 16 —(UP)—Motor vehicle records have turned up the strange accident which claimed the life of Mrs. Virginia Ainsworth 101, of Pasadena who is believed to have been the oldest automobile fatality in the state's history.

Mrs. Ainsworth and a friend, stopped their car in a driveway of their home. The brake was not set and the car began rolling down a slope toward the street. Both women tried to stop the moving car and Mrs. Ainsworth fell under the wheels and received fatal injuries.

The records listed her as a pedestrian fatality.

master General James Farley to address the legislature, but it should be done properly, according to Assemblyman John W. Evans, D., Los Angeles.

A resolution for that purpose was introduced by Assemblyman Earl D. Desmond, D., Sacramento. The measure listed the postmaster general as "James G. Farley". Evans said he would vote for the proposal if the initial was changed to "A".

Ordering the correction, Speaker Paul Peek jokingly remarked: "Just another evidence of Republican sabotage, Mr. Evans." He explained the resolution was prepared by the legislative counsel bureau. Fred Wood, Republican, is legislative

Wise buyers patronize those who advertise.

OPPONENTS LOSE IN FIRST BATTLE ON CAPITAL PUNISHMENT

SACRAMENTO, Mar. 16 —(UP)—Opponents of capital punishment lost their first skirmish in the legislature when the Senate Judicial Committee tabled Senator Robert Kenney's bill seeking to abolish the death penalty.

The vote to table, which means pigeonholing the bill, was 7-2 and came after debate which indicated that several members gave the Los Angeles member complimentary vote

SOLONS TRAINING AT RIVERSIDE ARE IN GOOD FORM

With very encouraging reports trickling north from the Solons training camp, local Solon fans interest is building up in preparation for a big turnout for the opening game of the Pacific Coast baseball schedule and

in committee but would vote against abolishing the death penalty if the matter comes to a vote on the floor of the house.

Similar bills have been introduced in the Assembly.

baseball followers are scanning closely the routines and exhibition games of Manager Bennie Borgmann's team in Riverside.

After four days of training, the Solons played the Seattle Rainiers two games losing the first by a score of 5 to 4 and winning the second with a heavy hitting attack 11 to 0.

MERCHANTS MUST LIST SALES TAX SEPERATE FROM PRICE IS RULING

Requirements of the State Board of Equalization that retailers state separately sales tax reimbursement included in their prices have been upheld in a recent decision of the California Supreme Court. Board members said that the decision removed all doubt as to the validity of the procedure followed by merchants under sales tax ruling No. 73.

The ruling was handed down in a case begun in San Diego County by C. Leon de Aryan against Roy O. Akers, protesting payment of 1-cent tax reimbursement on a 15-cent purchase.

Reaffirming earlier decisions, the Supreme Court held that the tax is on the retailer and not the consumer.

Lobbyist Unprepared For Demonstration of Argument

SACRAMENTO, Mar. 16 —(UP)—Advocates of returning the old-time "nickle beer" to thirst emporiums were disappointed when a brewers' representative informed an interim committee cost of production would prevent lowering the price of the beverage. But they got a laugh out of an exchange between committeemen and the agent.

"would you class beer as a luxury or necessity?", asked a legislator.

Chinese children in the picket line which longshoremen refused to cross.

Treasure Island Prepared For Maternal Surprises

TREASURE ISLAND, Mar. 16 — A complete maternity ward, to be available in all emergencies on Treasure Island during the California World's Fair is complete. Confinement will cost emergency patients nothing.

This was revealed by Gabe Barnett, manager of the Baby Incubator concession on the Gayway. In view of

"I would class it as a very good drink," said the brewer.

"Have you a sample to prove it?" queried another committeeman.

"I didn't come prepared for that question" grinned the witness.

NewsOddities by Squier

Slashing of Administration Cost of Relief Sought By State Senator J. Seawell

SACRAMENTO, Mar. 16—Relief for small home owners and other taxpayers as well as for those on relief rolls will be provided by the state legislature, according to the policy expressed here today by State Senator, Jerrold L. Seawell of Roseville as the

estimate of competent physicians the maternity ward may come in handy at least 20 times during the year, for it has been figured at least that many mothers would be "surprised" while visiting the fair.

"We will equip the ward with every modern obstetrical necessity," Barnett said, "and our pediatricians, nurses and medicines will be available, free of charge."

The Baby Incubator plant also has two "iron lung" respirators, and either will be sent in an emergency to any needy point within a 500-mile radius of Treasure Island. Barnett said he has a paralysis victim who will be transferred to his hospital to demonstrate how the respirator works in saving life.

Five incubator babies now housed in the concessions are thriving and gaining weight.

School Officials To Vote On Continuance of High School Football April 3rd

SACRAMENTO, Mar. 16 —(UP)—The question of whether football shall continue to be a high school sport will come to a head April 3 in San Francisco when ballots cast by school officials in all parts of the state are opened.

W. H. Orion, head of the physical education department of the California Department of Education, and

law-makers prepared to consider administration requests for millions of dollars in appropriation bills.

"A new coalition of forces determined to inject sound, efficient practices into state government will, we believe, provide some amelioration for already over-burdened small taxpayers," said Senator Seawell. "By slashing administrative costs of relief, a greater proportion of funds will reach those for whom they are intended."

Support for constructive legislation has come from all sides since the reconvention of the legislature, Seawell said, adding that he is receiving splendid cooperation from his colleagues.

In the lower house similar optimism was expressed by Assemblyman Gerald C. Kepple of Whittier.

PINE BLISTER PROBLEM UP TO LEGISLATURES

The White Pine blister rust is sweeping southward through California's sugar pine forests at the rate of 80 miles a year.

The cost of control of this pest, spread over a six year period, will not be more than the values accruing to the state each year from the sugar pine industry alone, taking no account of the large recreational and watershed values involved.

Senate Bill 1045, now before the California legislature, would provide for state legislation of the situation. Other measures introduced in the Congress by Representative Lea and Senator Johnson provide for Federal authorization to appropriate money for blister rust eradication. Without state action the Federal legislation would have little effect as for as the state was concerned.

Precipitation Held Below Normal Despite Recent Wet Season In California

By United Press—

In spite of last week's abundant rainfall, precipitation in Northern California was far below normal, and only in the Los Angeles river basin was the condition near normal.

Most serious shortage of moisture was in the Feather, Pit and Upper Sacramento watersheds, where measurements were as low as 24 per cent below normal. The condition exists from the extreme northern part of the state to as far south as the Kings River, along the west side of the Sierra. In no part of this area was precipitation more than 50 per cent of normal.

From the Upper San Joaquin basin on south to the Los Angeles area, measurements ranged upwards from 65 to 90 per cent of normal.

It was announced that about 300 officials—members of the California Inter-scholastic Federation—will vote in the special plebiscite.

Participation of high school students in competitive football has been extensively criticized on the grounds that students of high school age have not yet reached their full growth and are especially susceptible to injury. The protests have been magnified by a number of deaths directly chargeable to the game.

Auto Tax Not Of Divine Origin Holds Sen. Phillips

SACRAMENTO, Mar. 16 —(UP)—The senate was discussing a deficiency appropriation for the motor vehicle department, with State Superintendent of Accounts Fred Links answering a barrage of questions.

"Why wasn't the legislature called to approve these expenditures before they were made," queried Senator John Phillips, R., Banning.

"When a forest fire breaks out, would you have us let it burn while the legislature was assembling to appropriate \$20,000 to fight it?" responded Links.

"That's exactly the point," Phillips said. "A forest fire is a genuine emergency. But it's no act of God that I got a postcard on the first of January saying that I owed the state a tax bill or my automobile."

California Banking System Studied In New Hampshire

Branch banking in California is being held up as a model for other sections of the country to follow, according to word from Concord, N. H.

At hearings on a New Hampshire state bill to legalize branch banking, Roy D. Young, president of the Federal Reserve Bank of Boston, urged passage of the measure in the public interest.

Young put himself on record as not only being unreservedly favorable to the theory of branch banking, but also of the belief that a bank in one state should be permitted to go into adjoining states.

As an example of the best form of branch banking, he stated that he believed in the principle exemplified by the Bank of America interests, now operating in 307 California communities.

Constipated?

Hand Injured—
Mrs. E. J. Campbell had to have 30 stitches taken in her hand that was injured in a wringer on Monday. Fortunately no bones were broken and Mrs. Campbell is said to be making a rapid recovery from the accident.

The High School Board—
of Trustees held a routine meeting on Wednesday night to take up the problem of insurance.

Return Home—
Mr. and Mrs. Frank Giovannoni have returned home from a trip to the valley region.

Arrives Here—
D. D. Guthrie arrived here on Monday to take charge of the Standard Oil Company plant. The house owned by the company is being renovated and when completed Mrs. Guthrie

and children will arrive from Paso Robles to join Guthrie.

At Fair—
Mr. and Mrs. Ed Wagner of Lake Tahoe have returned home after spending a week at the San Francisco fair, Santa Rosa and Sacramento.

To City—
Mr. and Mrs. W. F. Wilkie left for San Francisco this week.

LOCAL SKIERS WILL COMPETE IN BIG YOSEMITE MEETING

Several top-notch skiers of this vicinity are planning to participate in the Far West Kandahar Challenge Race to be held tomorrow and Saturday at Yosemite and because of the quality of the competition it is predicted that the downhill and slalom events will be the outstanding exhibitions of the ski year.

Among those from this district who plan to compete are Sig Ulland, Dave Renner, Walter Mandeville of the Lake Tahoe Club, the University of Nevada Ski team of which Carl Bechdolt, Jr., and Jack Starnatt are members; Bill Klein of Norden and Hannes Schroll and Earl Edmunds.

AUBURN SCHOOL PLAY TO ATTRACT LOCAL GROUP

Tomorrow evening a number of Truckee residents plan to go to Auburn to see Journey's End, a three act play which the Placer Junior college drama guild is presenting and starring Levon Joseph, son of R. Joseph of Truckee.

The play is being directed by Lilian B. Allen, instructor of drama and speech at the college and is said to be attracting considerable attention as details of the famous war play are being carefully overseen and technical advice has been sought from authorities of the war days.

Ladies Aid Meets Today—
The Ladies Aid Society of the Community Church will hold a regular meeting this afternoon at the home of Mrs. Dan D. Smith. Sewing of articles for a spring sale will occupy the members during the session.

Meek's Bay

The H. and W. Philanthropic club of Meek's Bay held their regular meeting Tuesday, March 14, with 21 members present. E. Fink and Miss Jean Fink of Santa Rosa were the guests of Mr. and Mrs. Floyd Carnell. Mr. and Mrs. Harold Stark were the hosts. Due to the illness of their son, Donny, Mrs. Stark was unable to attend, but Mr. Stark proved himself a grand host. Refreshments were served and bingo was played with Mrs. Roy Stark capturing high score and Mrs. Hattie Lake low for the women and Bill Elam high and Floyd Carnell low for the men. Members and friends were glad to welcome Mrs. Stella Watson back after a three months absence. Dancing completed the evening's entertainment.

Mrs. Lee Garner, chairman of the special committee and Mrs. Buelah Carnell and Mrs. Harold Stark wish to announce the spaghetti dinner and card party to be held at Meek's Bay by the H. and W. Philanthropic club Tuesday, March 21 at 6:30 p. m. We promise everyone an enjoyable evening. The affair is given as a benefit for the building fund.

Mr. and Mrs. Cecil Bowman returned from a five day trip to Los Angeles and San Francisco to visit relatives and friends.

The H. and W. Philanthropic club members of Meek's Bay are saddened by the passing of our beloved friend, Judge George R. Bliss. We offer our relatives.

Mrs. Lee Garner and members.

Willis' Speaker As Church Observes 50th Birthday

Rev. P. H. Willis, former pastor of Truckee, now at Sparks, was the speaker on Sunday evening at the celebration of the 50th anniversary of the founding of the Methodist Episcopal Church at Lovelock, Nev. Rev. Willis was accompanied by Mrs. Willis. The services attracted church dignitaries from all parts of the state and the former local pastor presided at the special sabbath services.

From Loyalton—
Mr. and Mrs. J. Barndt, Mr. and Mrs. Robert Thompson and little daughter, Lorna Jeanne of Loyalton visited Mr. and Mrs. Ben Tonini and Mrs. Thompson's grandmother Mrs. Clara B. Nelson during the weekend.

Two Birthdays Here Are Observed With Parties

Lois Harris, daughter of Mr. and Mrs. Harris, was feted at a party given at the home of her parents on Tuesday, the occasion marking here eighth birthday anniversary. Twelve small friends were invited to share the event with the young hostess. Miss Lois received many lovely gifts.

Robert Watkins, son of Mrs. Jennie Watkins also observed his birthday on Saturday with a group of young friends. The traditional cake and other refreshments were served following the games. The opening of gifts was a source of interest during the event.
